

Footworkz Dance Class Policies & Practices

This was the first time Footworkz has taught dance within the Keller ISD and to make things easier for everyone, I have outlined several important policies:

1. Any student who joins the classes less than 2 months before a performance will not be in that performance as a dancer (they may participate in another way), unless for exceptional reasons. This is to be fair to all of the students.
2. Any student who misses 2 classes without notification will be dropped from class without any refund. If there are extraordinary reasons, exceptions can be made.
3. Tuition is due on the first day of class or earlier and from now on will be a flat fee of ***\$40 per month***, with make-up classes only for inclement weather or Teacher absence.
4. Any student's tuition which is not received by the first class will not be allowed to participate in the next class until their tuition is paid or other arrangement is made.
5. It is very important to let me know if your child is not enjoying class, has an injury, gets sick, going to be absent, or is planning on dropping the class. Parents can call me anytime, leave a message, leave a note or email me. This is important so I can do my job well and keep your dancer happy and engaged.

Thank you so much for being a part of Footworkz in 2006, I have enjoyed every minute of it and I look forward to your child dancing with me again in 2007. Happy Holidays and enjoy the Winter Recess!

Mindy C. Kim
