Upcoming Recital

Our upcoming recital though not on the books is scheduled for shortly after our last day of spring session classes. The recital is Free and I encourage you to bring your cameras and camcorders and invite any and all you know. Our theme this year is "America" and all the songs are based with that theme in mind.

Costumes

My tutu lady (Yvonne Starnes) is working on your costumes already! Your cost will be \$40 for your tutus and any accessories you receive. The base for our costumes is going to be White leotards and white tights for all dancers except level 2 which will be a white leotard and tan tights. Hip hop dancers will not need a leotard or tights. White leotards can be hard to find but there are many resources online to find them and a few dance stores in the metroplex. I will publish a list of places and websites on our website www.footworkz.com. I will also have a Footworkz account set up on discount dance supply (www.discdance.com) if ordering online is what you want to do.

Here is the list of the songs we are dancing to for our upcoming spring recital. I plan to have videos up for you in a few weeks but for now you can download the songs and practice from memory.
